

### **European corn borer (ECB) Trap Supply Checklist:**

- 1 Heliothis trap (one per strain (E and/or Z) per field)
- 8-10\* ECB E Strain (New York) pheromone lures (per trap per year)\*\* and/or
- 8-10\* ECB Z Strain (Iowa) pheromone lures (per trap per year)\*\*
- 1 six to seven-foot tall wooden stake or metal T-bar
- 1 small stake or tent peg for anchor string
- 1 small black binder clip or paper clip to hold lure
- Disposable gloves
- Ziploc bags

\*lures can be purchased in singles or in packs of 25. Unused lures can be stored in the freezer and used the following year.

\*\*contact your local extension entomologist/agronomist to know which ECB pheromone strains are in your region (some will need to trap for both E and Z strains). The Hybrid strain may also be in your area. The hybrid lures can be purchased through Solida only.
